# CAIRNS

Convention Centre  
28 – 30 October 2026

SPONSORSHIP AND TRADE EXHIBITION OPPORTUNITIES

Meet purchasers, decision-makers and influencers in healthcare from Australia and the Asia-Pacific. An unrivalled opportunity for any product or service provider.

### ACHSM Asia Pacific Congress

The Australasian College of Health Service Management (ACHSM or the 'College') is the peak professional body for health managers in Australasia and brings together health leaders to learn, network and share ideas. The mission of the College is to recognise, develop and support effective health leadership and management to deliver quality services and improve health and wellbeing.

ACHSM is once again pleased to invite you to attend their Asia Pacific Congress on health management to be held at the Cairns Convention Centre, 28–30 October 2026.

This event is the major annual health management professional meeting offered across the Australasian health sector. We promote it to our combined database of over 14,000 health management professionals and hundreds of healthcare organisations, and we expect over 500 of these senior executives to attend.

The College invites past loyal sponsors and exhibitors to be part of this successful event.

If you have not previously enjoyed the generous exposure that our Congress affords your organisation, we invite you to use this forum to maximise business through sponsorship and trade opportunities.

Essentially, if your organisation needs to meet the key people (purchasers, decision-makers and influencers) in the healthcare industry of Australia and Asia-Pacific, the Congress

provides an unrivalled opportunity for any product or service provider.

Supporters from our previous Congresses have enjoyed the ideal opportunity to meet, network and form partnerships with key government and health industry leaders and be part of their future business decisions.

### What you enjoy as a sponsor

ACHSM expects the 2026 Congress to attract over 500 delegates. Benefits to sponsors of the event include:
